Madam,

I am writing to address a matter of serious concern that has come to our attention regarding your lack of commitment as a Faculty to teach the course BE 8254 – Basic Electrical and Instrumentation Engineering. It is the collective responsibility of every faculty member to ensure that we offer the best possible education to our students.

Upon reviewing your performance through feedback, we have identified several areas that have consistently fallen below the expected standards. These areas encompass your teaching ability, subject knowledge, syllabus coverage and academic results etc.,

In this connection you are informed to attend the counseling meeting with your HoD on 14.07.2020, in the principal office.
