As number of dengue cases arises every day, the NSS Volunteer students of SBECW organized a program “Awareness against Spread of Dengue Infections” in Vallanaadu village in association with NSS unit on 05th October 2021. Our students insisted the public to take remedial measures in each home and how to stop the spread of dengue. The students shared how we can prevent the spread of dengue and the corrective actions to be taken in each home. Mosquitoes are the main cause of this disease and our students insisted to keep the surroundings clean to get away from Dengue. 29 NSS Volunteers and Faculty members of SBECW participated in the program.
