**NOTIFICATION**

The office of the Controller of Examinations issues the Statement of Grades, Consolidated Statement of Grades and Degree Certificates by affixing the photograph of the students concerned from Regulations 2008 onwards. The photographs of the students are uploaded by the college while uploading the profile of the students admitted in their first year or the second year (Lateral Entry Admission).

The students would have grown up and their physical appearance also would have changed significantly by the end of the course of study. Hence, the colleges shall **upload the photos taken at the end of the programme in the web portal exclusively to print on the Degree Certificate.**

After the issue of the certificates, some of the students request for the change of photograph in their certificates after one or more years with different photograph and the Principals of the colleges also recommended for the same, which lead to a lot of suspicions, and the office of the Controller of Examinations finds it difficult to replace the photographs as requested by the students as the photograph in the certificate has no matching with the new photograph to be affixed.

To overcome this issue, as per the approval of competent authority a procedure is formulated for change of photograph in certificates for the students who had been awarded degree is given below:

- a) At the time of admission, the colleges must upload the correct photograph of the students on the web portal.
- b) In case, if the photograph of the student is not correct in the hall ticket, the Student / Principal of the college must initiate for the change of the correct photograph of the student with supporting documents.
- c) As University is affixing the current photograph of the student uploaded by the college in the final semester of the student, in the degree certificate, if there is a mismatch of the photograph in the degree certificate and the grade sheets and the photograph in the consolidated statement of grades, the
