NO. OF BENEFICIARIES: 42

“Stay alive, Don't Drink and Drive-Alertness programme on Road safety” was conducted on 14th July 2018 in Kaikkurichi village. Deaths related to road accidents in India are much higher than murders. The prime cause of which is carelessness on the part of people in following traffic rules and giving precedence to safety measures while driving. Our students shared the importance of traffic rules and regulations to the public as most of the accidents were caused by drunk & drive, triple loading, using mobile phones while driving, riding without helmets.
