An awareness program on Importance of Electrical safety has conducted on 21st August 2019 in Muthupattinam Village. Our students shared the importance of using safe electricity. They also shared that we should make sure that the electrical equipment is properly connected, grounded and in good working condition. Extension cords may not be used as permanent wiring and should be removed after temporary use for an activity or event. 20 RRC volunteers and Faculty members were participated in the program.
