NO. OF YRC VOLUNTEERS PARTICIPATED: 25
NO. OF BENEFICIARIES: 41

"Corona Virus awareness Campaign" was conducted on 29th February 2020 in Paapavayal Vilaku Village in association with Youth Red Cross Unit. YRC Volunteer students from various departments of our college participated in the campaign to create awareness to the public about Corona virus that was initiated from bats in China. They explained that scientists have fought against viruses for centuries. Vaccines have been developed for diseases such as smallpox, polio, etc. Smallpox is the only virus-infected disease that has been eradicated from the world. However, it takes more than a decade to develop vaccines for a particular virus. Corona virus has been mutating from time to time. So to protect ourselves we have to stay safe, stay home, use face mask and sanitizer, maintain social distance. Faculty members of various departments were participated in the campaign.
