REPORT OF THE PROGRAM

1	Program Name	Research Methodology Seminar on “Application of Image Processing in Remote Sensing”
2	Date of program	28.09.2019
3	Resource person	Dr.V.Anand Assistant Professor, Civil Department, Arunachala college of Engineering for Women., Manavilai, Nagercoil.
4	Participants	25 Students
5	Objective of program	To understand the basic concept and application of image processing. To learn the process and analysis of remote sensing images by image processing.
6	Program description	The program started with a welcome address by Ms. R. Manju, HoD/Civil . 25 students were attended the seminar. The resource person explained about the concept of image processing used in remote sensing and also explained the application of image processing in the field of land mapping, deforestation, urban expansion, agricultural changes and other environmental transformations. In afternoon session he discussed, how the image processing techniques increasing the clarity, contrast and visibility of remote sensing images by using image processing software ENVI and ERDAS. The session ended with a vote of thanks by Program coordinator Mrs. R. Padmarani, AP/Civil .
7	Outcome of this program	Students will be able to know the principle and concept of image processing with relate to remote sensing. They gained knowledge on the image processing software ENVI and ERDAS.
