**VENUE** : Seminar Hall  
**NO. OF PARTICIPANTS** : 45  
**ORGANISED BY** : Department of Electrical and Electronics Engineering

Two -days faculty development program (PDP) on "Importance and Significance of Outcome-Based Education (OBE) for Educational Institutions" was successfully organized by the Department of Electrical and Electronics Engineering on 10.01.20 & 11.01.20. The resource persons were Dr.J.N.Swaminathan, Aalim Muhammed Salegh College of Engineering, Avady Chennai & Ms.S.Geetha Mohan, Rajalakshmi Engineering College, Chennai. The PDP aimed to highlight the transformative potential of outcome-based education in enhancing the quality and relevance of education provided by educational institutions.

The program commenced with a formal inaugural session with a professional from the fields of education and engineering. The speaker stressed that OBE focuses on defining specific learning outcomes, designing effective teaching strategies, and assessing student performance based on measurable outcomes. Participants actively engaged in discussions after each presentation. These interactions facilitated a deeper understanding of the concepts and provided a platform for sharing experiences and strategies related to OBE implementation. The PDP concluded with a valedictory session during which participants shared their reflections and key takeaways from the program.

**EVENT DATE** : 14-12-2019  
**VENUE** : SEMINAR HALL  
**NO. OF PARTICIPANTS** : 47  
**ORGANISED BY** : Department of Civil Engineering

The Professional development Programme (PDP) on "Enhancing Teaching Skills and Learning Methodology" was organized by the Department of Civil Engineering with the aim of providing a platform for faculty members to enhance their teaching skills and explore innovative methodologies for effective student learning. The resource person was Dr.A.Sridevi, Associate Professor, Kumarasamy College of Engineering & Technology, Karur.

The program was designed to address the evolving needs of educators in engineering and to foster a culture of continuous improvement in teaching practices. The participants actively engaged in the sessions, and they had an opportunity to share their own teaching experiences, challenges, and success stories, fostering a collaborative learning environment. The program's emphasis on student-centered approaches, technology integration, and innovative pedagogies to educate the next generation of engineers. The event not only enhanced the participants teaching skills but also contributed to the overall growth and advancement of the academic community in all departments.
